

BURLEY®

Piccolo

Burley's Innovative Piccolo Hitch and Moose Rack™

The super-rigid Chromoly Moose Rack™—supplied with each Piccolo—easily clamps to the Piccolo hitch. With an all ball bearing design, the Piccolo Hitch mounts perpendicular to the ground, which provides superior handling and stability.

Share the Joy of Cycling with Your Child

The Burley Piccolo is the highest quality, best performing trailercycle available. Recommended for children approximately four to ten years old, the Piccolo is a great way to teach starting, stopping, balancing and shifting, as well as the rules of the road. Plus, your child is really helping by pedaling and selecting among six gears. The Piccolo provides your family with a real option for longer distance rides with your youngsters. They will “keep up” at their own pace and enjoy the ride.
